

OVERVIEW SPRAY CAPS

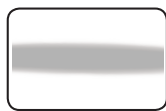

Ultra Skinny Cap

MXGLDCAP-1

average paint width 0.3 - 1.4"

Ultra skinny cap. Great for fine details.

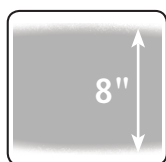

Skinny Cap

MXGLDCAP-2

Skinny cap 1.5 - 1.5"

Good solid skinny for GOLD/BLACK.

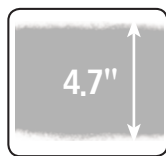

Ultra Fat Cap

MXGLDCAP-3

average paint width 7 - 8"

Ultra fat cap. Widest fat cap.

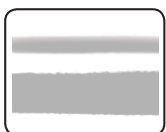

Fat cap pink

MXGLDCAP-4

average paint width 4.7"

Excellent for fill-ins, coarse fadings and big outlines. For chrome paints similar to ultra fat cap.

Montana Outline cap

MXGLDCAP-5

average paint width 0.5 - 1.5"

MONTANA skinny with a new developed system - universal and optimized version!

Maclaim cap

MXGLDCAP-6

average paint width 0.3 - 0.4"

Great for fine fadings!

Very clean, great for cut-offs.

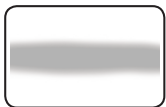

Skinny cap Aerosol art

MXGLDCAP-7

average paint width 0.4 - 0.5"

AEROSOL ART skinny: Best all-round skinny on the market. Round shape guarantees soft spray touch.

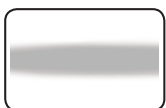

Skinny cap red

MXGLDCAP-8

average paint width 0.6 - 0.8"

(PROLINE Skinny): Almost like a fat cap on all chrome paints, fantastic skinny for GOLD.

Soft cap white / grey

MXGLDCAP-9

average paint width 0.5"

Finest skinny cap; clogs easily for special effects.

Best cap for minute details. Works best for GOLD.

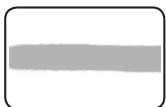

Calligraphy cap

MXGLDCAP-10

average paint width 0.6 - 3.2"

Effect cap with calligraphy design for chrome.

Great for filling in, but not clean.

Skinny cap beige

MXGLDCAP-ORG

average paint width 0.4 - 0.5"

Good for fine works. Minimally grubby. Higher paint output.
